Women’s Leadership Guild Now Accepting Grant Applications for \$2,000 Grant Awards

The Pullman Regional Hospital’s Women’s Leadership Guild is now accepting grant applications from regional non-profit agencies dedicated to supporting women’s and children’s health and wellness. The application deadline to apply for a \$2,000 grant award is August 1st, and applications can be found online at www.pullmanregional.org/wlg.

“We look forward to another exciting grant award cycle. This annual event is the culmination of our mission, and an enriching and impactful experience for our members to learn about and fund our regional non-profits.” said Karen Davis-Morris, Chair of the Women’s Leadership Guild.

Guild members raised and awarded \$20,000 through last year’s grant cycle, and supported Families Together for People with Disabilities, the Jefferson Elementary School PTA Outdoor Learning Lab and Garden, Northwest Cancer Foundation of Hope, and the Meals on Wheel program facilitated by Pullman Community Council on Aging.

The Women’s Leadership Guild—established in 2015—empowers regional non-profit agencies in support of women’s and children’s health and wellness and Pullman Regional Hospital’s highest needs through membership contributions.

The 39-member Guild is chaired by Karen Davis-Morris and includes board members Ashley Alred, Ginger Flynn, Vicki Jahns, Susie Skavdahl and Stacey Swift.
